Title:	Lottery System With Method for Playing a Lottery Game Using Multiple Independent Lottery Results		

AFFIDAVIT IN SUPPORT OF APPLICATION UNDER 37 CFR § 1.47(a)

I, Charles H. Fails, hereby declare that:

1. I am Patent Counsel for Scientific Games Royalty Corporation and have personal knowledge of the facts stated herein.
2. Kenneth Lathrop is a joint inventor of an invention, Lottery System With Method for Playing a Lottery Game Using Multiple Independent Lottery Results, which is described in an U.S. Patent Application Serial No. 10/668,891 filed on 9/23/2003.
3. The other joint inventor is Stephen Penrice.
4. Mr. Lathrop was an employee of IGT, a Nevada Corporation, when the invention was made and has assigned his rights to IGT.
5. IGT assigned all of its rights in the present application to Scientific Games Royalty Corporation on September 11, 2003, as is reflected in a Statement under 37 CFR §3.73(b) and accompanying documentation submitted herewith.
6. Mr. Lathrop became an employee of Scientific Games International, Inc. and his employment has since been terminated.
7. On February 24, 2004, I sent a communication to Mr. Lathrop at his last known address and requested him to sign an Oath and Declaration for the patent application. A copy of such correspondence is attached hereto as Exhibit A. Mr. Lathrop has not responded to my correspondence and therefore, I believe that Mr. Lathrop refuses to sign the requisite Declaration and Oath for patent application.
8. Mr. Lathrop's address last known to Scientific Games Royalty Corporation is 52 Chilhowie Drive, Kinnelon, New Jersey, 07405.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and that the statement were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
